AmericanAthletic

@AAlequipment

Saves Space!

**64%** reduction in floor space for set up.

Footprint reduced  
From: 13' x 18'  
To: 7' x 12'

Saves Time!

Make width adjustments using the slide collar on the high upright without changing the tension on the cables. Hence the name "Constant Tension Bars (CTB)"

Saves Money!

No need for cable tighteners which can wear out and put extra wear and tear on the cables.

Versatile Product!

Release one loadbinder and easily remove the low rail. The upper rail still remains stable and useable as a single bar, high bar, or strap bar.

3/8" THICK CABLES ADD STABILITY

slide collar

Six (6) new floor anchors are included and highly recommended to install with the CTB unit. Due to such a direct pull on the anchor, we felt it was important for the anchors to be upgraded. The new anchors are an enhanced version of our Style C Floor Plate.

407-053 - CTB w/Graphite X

407-073 - CTB w/Graphite E

407-057 - CTB w/Conversion Kit  
INCLUDES: new cables, tie downs, anchors, and four shorter spin locks to replace the spin locks used for height adjustment
